## GALLIPOLIS.

THURSDAY, - - - APRIL 27, 1854.

**DISTRICT COURT.**—The annual session of this Court for this county, commenced on Saturday morning last and adjourned on Monday. Judges present, Thurman, of the Supreme Court, and Peck, Nash and Whitman of the Common Pleas.

The number of cases ready for trial were few, as most of them had either been settled or continued. There were no jury trials. The following cases were the only ones disposed of:

P. Quin's adm'r vs. A. Morris—Chancery. Decree for the defendant as below, by consent.

J. Graham's heirs vs. Jas. Preston—Ejectment. Non suit.

Wm. S. Ward vs. McDaniel—Ejectment. Plaintiff submitted to non-suit.

D. H. Gates and John Goodno vs. The State of Ohio—Error from Common Pleas. It involves important questions of practice in criminal matters before the Probate Court, and was reserved for decision by the Supreme Court at Columbus.

Chas. Clendenen vs. R. Edwards et al—Ejectment for in-lots in Gallipolis Nos. 165 and 166. The title depended on the construction of the will of Sarah W. Varney, dec'd. Judgment for plaintiff.

Jno. Cating vs. R. Buchanan et al—Chancery. Demurrer to suit sustained with leave to amend.

Mary Guy vs. James Guy et al—Chancery. Bill to quiet title, which depended on the construction of the will of the husband of the complainant, John Guy. Judgment for plaintiff.

Gwinn, Reed, Taylor & Co. vs. Selby & Shuck et al—Chancery. Reserved for decision by the Supreme Court at Columbus.

**THE IRONWORKERS.**—The great topic of interest among our neighbors down the river is the repeal of the Ohio Iron and Coal Company. The committee in the Senate to whom the subject was referred have reported unanimously in favor of repeal. We doubt whether the Legislature will pass a repealing act, but leave the question whether the company has forfeited its charter to the Courts of law. We should say that to be the proper way. The Register in its defence of the company has had occasion to say severe things of R. LEE, Esq., the main mover in the repeal movement. Let notices the Register editor that he must retract or stand fire in a libel suit—the editor says he won't, and so the matter stands.

**PUBLIC SQUARE SUIT GAINED.**—In the case of Wm. H. Langley vs. The Town of Gallipolis, which was announced some time since as having been decided against fencing the square, appears to have been an error, either committed by the law-reporter or the telegraph operator submitting the decisions to the Cincinnati press. We were led into the error by copying from a Cincinnati paper, the only report ever received here. Judge Thurman gave a new phase to the subject on Saturday last, by announcing that it was decided in favor of the Corporation. So we have the right to fence and ornament the Public Square, and we think the sooner it is done the better. Had we a big gun we would give this decision "one grand salute."

**ON Monday night,** says the Cincinnati Commercial, a singular robbery of a grocery-store was perpetrated on Everett street, between Cutler and Linn. The robbers drove a large wagon to the door, gained entrance by false keys, and besides getting \$25 in cash, actually took the time to load their vehicle down with the bulky articles of sugar, rice, etc., etc.

**BRICK.**—It is stated that the experiment of using coal for the purpose of burning brick, has been successfully tried in Maryland. Each ton of coal will burn four thousand brick, with two hands to tend the furnaces.

**Lying in bed with the head high,** the Medical Journal says, is unhealthy. In all diseases attended with fever, the head should be pretty nearly on a level with the body, and people ought to accustom themselves to sleep thus to avoid danger.

**AN EAGLE CAPTURED.**—A large gray eagle was shot on Saturday last, three miles south-east of Mayfield, Ky. The noble bird is three feet high, measures seven feet two inches from tip of wing, and his talons, when extended or opened, were eight inches across.

**WE have but time to call attention to our advertisements collectively this week.** They shall receive proper notice next week.

**The time for the payment of the** two per cent. by the stockholders of the Gallipolis, Jackson and Chillicothe railroad, has nearly expired, and as yet but few have answered to the call. Gentlemen, come forward and answer this call, the road never can be built if you are so backward in the payment of so small an amount. Let every stockholder put his shoulder to the great improvement, and it will be but a short time ere the iron horse will snort through our country.

**OUR MARKET.**—The Gallipolis meat market is poorly supplied at present, notwithstanding there is choice Baltimore Beef Cattle at all times just across the river. We have two butchers engaged in the business, one brings pork the other lean beef to market, and it being necessary to have a mixture of lean and fat, to render a dish palatable, they work most admirably into each other's hands. Price for beef—six cents per pound for first cut—just back of the cars—with a gradual increase in price to the tail—owing mainly to who's the purchaser. The butchers say they can't afford to pay eight cents for Baltimore beef and sell at six. Reckon not. Four pounds of neck for a quarter—go it, knife and cleaver.

**A SWINDLE.**—Some \$15,000 in bills, purporting to be of the Metropolitan Bank, at Washington City, have lately got into circulation about Green Bay, Wis. There is no such bank in existence.

**ICE MOUNTAINS.**—The ship John Bright, which arrived at New York on the 20th, reports seeing on the banks, two icebergs two miles long, and three hundred feet high.

**The New York Senate** has re-passed the liquor bill, vetoed by the Governor, with a clause, submitting it to the people for ratification. It will now probably re-pass the House also.

**Owing to a press of news,** several articles have been crowded out this week, among them a *glance at Tom Pender* of the Jackson Standard. They shall appear next week.

**HENNING & CADOT** have a prime article of ground coffee. We have tried it and can speak from a knowledge.

**FISH STOLEN.**—On Friday night last, Wm. C. MILLER left four half barrels of shad in front of his store, on Court street, relying upon the honesty of the community, but what was his surprise next morning to find one come up missing, some thieving scamp having lifted it during the night.

While we are noticing thieving, we will take occasion to put our citizens on their guard against chicken thieves, as there appears to be a regularly organized band of operators in this line, at present infesting this community.

**FORD & DROUILLARD** "cut a big cheese" the other day, and submitted a large slice to our judgment. Well, it is good and no mistake, if you don't believe it, "pitch in" and taste for yourself.

**GEORGE J. PAYNE,** of Porter, has received his Spring and Summer Goods, which he intends to sell cheap. Look at his card.

**The obituary notice of Abraham B. Grimes,** shall appear next week.

**MARINE DISASTERS.**—A despatch received at the Philadelphia Ledger office from Long Beach, states that the ship Powhattan came ashore on Saturday, near Egg Harbor light.

She had 200 emigrants on board, none of which were saved.

Thirty-three bodies have been washed ashore at Long Beach.

Not a vestige of the wreck is left.

The schooner Manhattan was also wrecked near this place.

All on board perished save one sailor, who is in such a condition as to be unable to give any particulars.

**SAD ACCIDENT.**—Capt. John Lodwick, of the steamboat Hamburg, came near losing his life yesterday morning, while returning from a visit to his boat, which is now undergoing repairs at the dry dock in Fulton. He was walking leisurely along on the track of the railway reading a letter, and when observed by the engineer of the mail train, which was coming down from Columbus, was notified of his danger by the steam whistle, but either did not hear it or stopping aside got directly in the way of the locomotive, which knocked him down and passed over him, followed by the tender and front wheels of the baggage car. The train then was stopped, and Capt. Lodwick extricated alive, and with no bones save one rib broken. He was, however, considerably bruised.

On his removal to the Broadway Hotel, Drs. Foster and Rives were called. Who pronounced his injuries not necessarily fatal.—*Cin. Enquirer*, 22d.

**DIED.**—At his residence in Green township, on the 19th inst., brother PETER BLAZER, in the 64th year of his age. The deceased was born Oct. 4th, 1791, in Franklin county, Pa., and emigrated to Ohio Nov. 28th, 1805. He joined the M. E. church February, 1838, and lived a consistent Christian to the day of his death, leaving a testimony behind him for his numerous friends of the truth of Christianity. Brother B. no doubt at this time is enjoying the full fruition of the blessed in heaven.

On the 4th inst., at the residence of C. L. Guthrie, in Cheahire, MATILDA L. GUTHRIE, aged 48 years.

## New Goods.

**THE undersigned takes this method of** informing his friends and the public in general that the

**PORTER CASH STORE** is now receiving a large assortment of Goods, which have been purchased at the lowest prices, and will be sold accordingly. Ten dollars will purchase more goods at this store than at any other store in the county. Small profits, quick sales and cash in hand is the rule here. Call and examine the Goods and prices, compare with others and then judge. Approved articles of country produce received in payment, but no credit.

**SOMETHING NEW.**  
**PARCHED & GROUND COFFEE**  
**AT HENNING & CADOT'S,**

WHICH they just received from one of the most reliable houses in New York, and which they can recommend as a strictly pure, better and cheaper article than the coffee commonly in use. This Coffee is parched in large cylinders, retains therefore all its strength, good flavors and oily substances generally lost in parching coffee in skillets or pans, as done in our western country. Housekeepers would do well to try a few pounds to get convinced that it is a great money and labor saving article.
